"WHAT YOU GOIN' TO DO?"

Kentucky's dry counties  
Are now eighty-two.  
And only four wet ones!  
Oh, what will we do  
When the whole state is dry?  
At whom will we poke  
The mint and the moonshine  
And long toddy jakes?

—Houston Post.

Lee Stewart and Dud Allen were the parties who shot at Policeman Bradford Saturday night, of which mentioned was made in Monday's LEDGER. Stewart was arrested last evening and placed in Jail. He fired the shot while the gun belonged to Allen.

SQUIRE JAMES H. GRIGSBY.

Squire James H. Grigsby, whose illness has been frequently noted, died yesterday shortly before noon at his home at Sardis.

He was 75 years of age and his death was due to a complication of diseases.

Squire Grigsby was one of Mason county's best known and most highly respected citizens. He is survived by his wife and five children, one daughter—Mrs. Anna Hunter of Canton, O.—and four sons—Joseph of Texas, Orval of Arkansas, J. H. and B. G. Grigsby of Sardis.

The funeral will take place tomorrow at 10 a. m., the interment being in Shanton Cemetery.

## TAX SALES

By the Sheriff Disposes of Much Property

The sale Monday at the Courthouse by Sheriff Mackey for delinquent taxes was the largest sale of the kind ever held in Mason county, and was compulsory under the Session Acts of 1906. Heretofore the Sheriff carried the delinquents on his books for almost an indefinite length of time.

Nearly one hundred pieces of property were sold at auction for 1906 taxes. Attorney C. L. Sallee was the successful bidder in every case but three, and he becomes by his purchases one of the largest taxpayers in the county.

The owners, of course, can redeem their property by paying him the amount with 10% interest and 15% penalty within two years.

By the terms of the sale Mr. Sallee will be entitled to immediate possession of the property sold if he see proper to demand it. However, we understand, he will give the owners every opportunity to redeem without taking possession from them.

THE recent snowing under of the Socialist party in Germany was a decided triumph for the Kaiser and gives him control of affairs at a critical period, when a signal defeat meant a death blow to the Emperor's vast schemes of German expansion and colonization.

LAST year the South, which is less than 15% of the area of the United States proper, contributed more than 25% of the country's export trade. Cotton was the largest single item, but there was not a staple in the long list of exports in which the South did not have fair representation, not only in raw materials, but in manufactured goods.

**HIS HAT MAN'S WEAK SPOT.**  
IN Nothing Else Do Convention's Iron Laws Show So Strongly.  
There are things, it is a comfort to know, which even a man cannot do, and a man is supposed to be able to do almost anything.  
Now a novelist may put his heroine's hat on her head at any angle he chooses—it is one of the few privileges of womanhood—and leave her not a bit less charming or dignified, but I defy him to put his hero's hat at a rowdy angle over his ear at a crucial point in his career and leave him still heroic!  
The Achilles heel of a man is his hat. He must guard that as he does his reputation, for it is at once his strength and weakness, says a writer in Putnam's Monthly.  
It would hurt an archbishop less in the eyes of the public to commit a crime than to wear his hat on the back of his sacred head—real back!—and so exhibit himself to his distressed dolesee.  
Still, if he is so inclined, why should not a good and great man wear his hat over his nose without creating unfavorable comment? The fact is, he cannot. He is ruled by convention, and convention is red tape of society.  
The castron laws of fashion, which is only another name for convention, are such that if the greatest man in England were to walk with all his accustomed dignity from the Marble Arch to the bank with a trailing peacock's feather attached to the band of his silk hat he would be followed by a mob in two seconds and by the time he reached Vaux street the outraged majesty of the law would take him into custody as a suspicious character.  
**HAD A PAYING BUSINESS.**  
Street Sweeping Not Altogether a Bid for Charity.  
A merchant in a Scotch city used to give an old crossing sweeper sixpence every Saturday. One day he discovered he had given him half a sovereign by mistake. So he hurried back to the crossing. The sweeper said in reply to a question: "Will you come, sir, after four o'clock to this address, and I will see if you are right about the coin."  
The merchant did so, and found a small office and two clerks busy at work. Presently the sweeper appeared, but oh, so altered. He was dressed neatly and looked a business man.  
"Oh, yes," he said to the astonished merchant, "you were correct. Our receipts to-day were about ten shillings more than usual, so here is your half sovereign." As the merchant left the office, vowing he would never give to the rogue again, the sweeper called after him: "You've forgotten your usual sixpence, sir."

**THANKFUL**  
To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business career in Maysville such a success, I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by paring the same course of fair dealing and polite attention in the future as in the past and selling the very best goods at the most reasonable prices.  
My stock is now the largest and most varied it has ever been, my pleasure to offer to the public, consisting of every article in the Staple and Fancy Grocery line. These goods are fresh and new and of the very best quality. My stock of CANNED GOODS is unusually large and the quality of the very best.  
The demand for PERFECTION FLOUR is rapidly growing because it is beyond a doubt the very best flour sold in Maysville or can be made. It has no superior anywhere.  
The run on my fine Bleached Cottons has been enormous and is constantly increasing. I am still selling these fine goods at 15c, 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the best that can be produced, don't fail to call for the famous "Harrington Hall," steel cut, sold only in one-pound airtight tins at 50c per pound. A fresh supply of fall catch black-berri just in. If you want something extra try one of my fancy Hosiery Meas, heels and tails off.  
A big invoice of very fine Premium China-ware just in, a sample of which may be seen in my warehouse window. These goods I give to my CASH customers in redeeming tickets given out with their cash purchases. Until further notice DOUBLE TICKETS will be given with each cash purchase on SATURDAYS. By taking advantage of this proposition the purchaser will very soon accumulate enough tickets to secure a fine set of china FREE OF COST.  
I buy strictly fancy Table Linens, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want everyone to come and see me; always welcome. If you don't want to buy it will be a pleasure for me to show you the neatest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

The sweeper said in reply to a question: "Will you come, sir, after four o'clock to this address, and I will see if you are right about the coin."

The merchant did so, and found a small office and two clerks busy at work. Presently the sweeper appeared, but oh, so altered. He was dressed neatly and looked a business man.  
"Oh, yes," he said to the astonished merchant, "you were correct. Our receipts to-day were about ten shillings more than usual, so here is your half sovereign." As the merchant left the office, vowing he would

never give to the rogue again, the sweeper called after him: "You've forgotten your usual sixpence, sir."

**Where Cannibals Abound.**  
Cannibalism exists, in spite of the dictum of the report of the Inquiry commission. Dr. Hinde has told that after one particularly murderous battle, in which the fierce Botetella tribe of Congolese negroes had been used against the Arabs, every member of these cannibal allies had at least one body to eat.  
"All the meat was cooked and smoke-dried, and formed provisions for the whole of the force and for all the camp followers for many days afterward." Dr. Hinde presents a somewhat novel point of view: "During the war in which we were now engaged for two years, we reaped, perhaps, the only advantage that could be claimed for this disgusting custom. In the night following a battle or the storming of a town these human wolves disposed of all the dead, leaving nothing even for the jackals, and thus saved us, no doubt, from many an epidemic."—Everybody's.

**Rescue Work for Firemen.**  
Horseman Fred Dohrath of engine company 34 of Brighton says that while his company was fighting a fire in Alston the other day an old man pushed his way through the crowd, and, grasping a fireman by the shoulder begged him to go back into the house and save the old man's glass eye.  
"It's worth \$20 to me," yelled the loser, "and I can't afford to lose it; and while you're up there you might bring down a box of curls which a little fellow who lives in the house says were cut off some years ago."—Boston Herald.

**The Instinct to Play.**  
A scientist attached to the Smithsonian Institution at Washington will shortly publish a report wherein he undertakes to show that the desire to indulge in play is a true instinct among the lower creatures. As in man, the tendency to play is stronger in young animals. The scientist in question divides animal sports into a number of classes. Among them are: "play-hunting," in which the prey is sometimes such as the animal naturally chases, and sometimes a "fellow-fellow"; "play-fighting," "hounding-play," "nursing-play," "plays of imitation" and others.

**Held Her Tongue.**  
"Miss Anteck has such an unfortunate disposition; so disputations and so sensitive about her ego."

"Yes, she was in perfect agony the other day while Col. Bragg was telling some reminiscences. She knew he was wrong, but it was something that happened 30 years ago."

**FIFTY DOLLAR PREMIUM**  
Increase On Cigarette Tobacco at the Coming Tobacco Fair

The managers of the Maysville Tobacco Fair have determined to increase the first premium on cigarette to be paid at the Tobacco Fair February 23d to \$50, instead of \$30, as heretofore advertised. This certainly ought to attract a large number of exhibits.

All the premiums are liberal and are worth competing for. Doubtless, there will be the largest number of samples on exhibition that we have ever had.

Bear in mind that the four samples which are to compete for the premium of \$25, including all classes, will not be permitted to compete for the other prizes offered.

Large crowds will be in attendance at this Fair, Saturday, February 23d, 1907.

The Farmers Institute to be held on the day before ought to attract all the farmers of Mason and war—long courses—Good music will be one of the features, and short, spicy, instructive talks. This will doubtless be the best Tobacco Fair that has ever been held. The merchants of Maysville should exert themselves to make the day memorable by having attractive features for the visitors.

It is to be hoped that every farmer in Kentucky and Ohio, who raises crops that he is not ashamed of, will have an exhibit of some kind at this Fair. The premium list is a liberal one.

Vinol Will Make Your Thin, Ailing Children Strong, Rosy and Robust Just as It Did This Little Boy

Mrs. L. P. Skonnard of Minneapolis, writes: "I feel it my duty to tell others what your cod liver preparation, Vinol, has done for my little boy. He was sick for two years, pale, and had no appetite. We tried different doctors and medicines and had given up all hopes that he would recover, but thanks to Vinol he is a well and healthy boy, and I want to recommend Vinol to every mother who has a weak or sickly child."

Our local druggist, John C. Pecor, says: We want to say to every mother in Maysville that our cod liver preparation, Vinol, will build your children up into strong, robust, healthy children. We have never sold anything equal to it in our store for this purpose, and we will return your money if it fails.

Is there a mother in Maysville who will ignore such a generous offer as this?

J. C. Pecor, Druggist.  
NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

WORMS

"I had for years suffered from what medical men called dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'cut'—yes—a winding, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tape-worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "This mighty plain that the waken' place out'stand the strainin', 'n the way it fix it, uz I maintain 'is only jes' to make that place uz strong uz the rest." We can give you the names of some of our best men to whom we sold work harness -- when we first went into business, and which is still as good as new. WANT FUNERALS PUT THROUGH.

Instructions That Sometimes Surprise a City Undertaker.

"Life and death both are strenuous in New York," said an undertaker of that city. We get orders sometimes that shock us.

"Not long ago we had a call from a family who asked us to make a hurry up job for the reason that they had arranged to sail for Europe two days later and they didn't want to postpone the voyage.

"What would you think of a woman who asked to have her husband buried as quickly as possible on the ground that a few days before his death they had agreed to a separation and that she would like to put away the deceased before the newspapers heard of the marital troubles? That is exactly what happened.

"Only yesterday a nun came into our office and said that her father had just died and that he would like to send her body south as soon as possible because he was wanted to attend some sort of function three days later.

"In the good old days in some parts of the country it used to be the custom for the family in which a death occurred to call on us a few minutes after the death and to send a carriage and a few employees to the house to keep the vigil. We did it, but I confess to you it seemed to me rather horrible."

SEA FISH IN FRESH WATER.

Experiment Tried in Germany Proves a Marked Success.

An interesting experiment that may have far-reaching results has just been brought to a successful termination in Germany. It has been proved beyond question that deep sea fish can be acclimated and will live and breed in fresh water.

A number of different kinds of fish were taken from the sea, including whiting, herring, sole and flounders, and placed in a pool of salt water. The percentage of salt was then gradually lessened by the addition of fresh water until finally no salt remained.

Practically no material difference took place in the fish, which were as lively as when they were taken out of the sea.

No encouraging has been the result after a test extending over several months that deep sea fish are now being introduced into rivers and fresh water lakes in various parts of Germany. What changes may take place in the nature and habits of the fish remain as yet to be seen, as does also the question of their market value.

The complete success of this experiment will completely change the fish industry and will prove an especial boon to communities far removed from

the seaboard. An American who has lived for any length of time in the middle West, where he is equally remote from both the Atlantic and Pacific, knows how greatly deep sea fish are missed as a part of one's diet.

Had Laugh on Doctor.

An anecdote of Leo XIII. is recalled in a Turin journal by Count Chiampolli, apropos of the death of Dr. Lippioni, who was the pope's private physician. One day it was imperative for Leo to give a long audience, but he had a bad cold, and to mitigate the doctor gave him a box of tablets with the request to take one every now and then. After a while Lippioni, who remained in a distant corner of the hall, noticed that the pope did not follow his directions, so to call his attention to them, he began to hem and cough. Presently the pope said to an attendant: "Tell the doctor to come to me." Those words caused some anxiety, but when Lippioni hastened to his side, the pope took the medicine from his pocket and handing the box to him, said: "Doctor, I noticed you were here; won't you take some of these tablets?"

SERIOUS INJURY

Misfortune of Mr. Harry Andrews at Birmingham, Alabama

The many friends here of Mr. Harry Andrews, formerly one of Flemingburg's most popular citizens, will deeply regret to learn of the serious misfortune which befell him recently at Birmingham, Ala., where he is now residing.

In alighting from a streetcar while on route to his work in that city Wednesday last Mr. Andrews slipped and fell, the car passing over his left arm, crushing it, and inflicting a painful scalp wound.

He was taken to the hospital, and the injured arm was amputated just below the elbow. His other injuries were also attended to.

There were no internal injuries and he is expected to recover.

Beware of Outlets for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 326 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—  
"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—  
"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—  
"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:  
Dear Mrs. Pinkham:—  
"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:  
Dear Mrs. Pinkham:—  
"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health.

**Brakeman John Nash Recovering From Fracture of Skull**

Although John Nash, a C. and O. brakeman, formerly of Lewis county, suffered a fracture of the skull at the base of the brain, yet he will recover.

Nash was caught between a box car and a car full of lumber and so badly injured that he was hurried to St. Elizabeth Hospital, Covington.

There the receiving surgeon examined and dressed his injuries, but held out not the slightest hope for recovery.

For several days the man lay unconscious. He began to rally, and each day he became brighter. Now he is able to take nourishment and converse with the other patients as intelligently as if nothing had happened him.

The surgeons pronounce his recovery as out of the ordinary and hold that as the man bled freely from the ears and nose that the bleeding prevented any concussion of the brain.
